

EXTENSION

- **Safety Shutter**

To prevent electrical shock by incorrect use

- **High efficient brass conductor**

Allows larger current passing through

- **High conductivity silver and copper contact switch**

Induces lower temperature rise

- **Individual power switch**

Reliable and sufficient for 15000 cycles

- **Fire resistant High quality plastic enclosure**

Provides outstanding protection

EXTENSION

Model	1121	Color	White / Black
Spec.	BS 1363		

Unfused 13A Rewireable 1 Gang Rubber Socket + 2M BS Cable (3Cx1.25) & Plugtop

The image shows a white, rectangular rubber socket with a textured front panel. It has a single 13A BS1363 socket on the front and two screw terminals on the side for rewiring. The word 'RUBBER' is embossed on the top edge.

Model	2122	Color	White / Black
Spec.	BS 1363		

Unfused 13A Rewireable 2 Gang Rubber Socket + 2M BS Cable (3Cx1.25) & Plugtop

The image shows a white, rectangular rubber socket with a textured front panel. It features two 13A BS1363 sockets on the front and two screw terminals on the side for rewiring. The word 'RUBBER' is embossed on the top edge.

Model	8121	Color	White / Black
Spec.	BS 1363		

Unfused 13A Rewireable 1 Gang Rubber Socket + 2M BS Cable (3Cx1.25) & Plugtop

The image shows a white, rectangular rubber socket with a textured front panel. It has a single 13A BS1363 socket on the front and two screw terminals on the side for rewiring. The word 'RUBBER' is embossed on the top edge.

Model	2381	Color	White
Spec.	BS 1363		

Unfused 13A, Rewireable 1 Gang Extension Socket + 2M BS Cable (3Cx1.25) & Plugtop

The image shows a white, rectangular extension socket with a textured front panel. It features a single 13A BS1363 socket on the front and two screw terminals on the side for rewiring.
